Re: NPDES OCS General Permit No. GMG29\_\_\_\_\_  
Non-Aqueous (Synthetic) Based Drilling Fluids

Dear Director:

The purpose of this letter is to inform you that we will be submitting the Non-Aqueous (Synthetic) based muds Discharge Monitoring Reports (DMRs) to EPA Region 6 in accordance with our permit requirements, for lease areas/blocks identified on the following page.

The following indicates what DMR forms we will be using:

- ~ We are requesting EPA preprinted DMRs and understand such requests may take up to 90 days to be fulfilled.
- ~ We are requesting to use the approved Offshore Operator Committee's (OOC) DMR, with the understanding that the OOC DMR may not be altered.
- ~ We will be utilizing blank DMRs or other EPA Region 6 approved forms, with the knowledge that they must comply with the permit requirements.

Our DMRs will be completed in accordance with the EPA DMR instructions set forth at: [www.epa.gov/earth1r6/6en/w/offshore/dmrinstructions.htm](http://www.epa.gov/earth1r6/6en/w/offshore/dmrinstructions.htm) and our permit language.

By placing my signature below, I confirm that I meet the following requirements set forth in Part II.D.10 of the permit and 40 CFR 122.22:

For a corporation: by a responsible corporate officer. For the purpose of this section, a responsible corporate officer means, a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function or any other person who performs similar policy or decision making functions for the corporation; or the manager of one or more manufacturing, production or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25,000,000 (in second quarter 1980 dollars) if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.

For a partnership or sole proprietorship: by a general partner or the proprietor, respectively.

For a municipality, State, Federal or other public agency: by either a principal executive officer or ranking elected official. For purposes of this section, a principal executive officer of a Federal agency includes (1) the chief executive officer of the agency, or (2) a senior executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., Regional Administrators of EPA).

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
